

# RAPTOR® TRUCK BUNK CLAMP ON SYSTEMS

"40 YEARS OF EXCELLENCE."

**RAPTOR®**  
one piece bunks  
with fixed stakes

**RAPTOR®** bunk bases  
with removable  
**RAPTOR®** stakes below

## THE **RAPTOR®** ADVANTAGE

- Made with ultra high strength steel
- RAPTOR high strength bunks are 50% stronger & 30% lighter than regular steel
- Subjected to rigorous cycle testing that simulates field operations
- RAPTOR high strength steel stakes are 100% stronger & only weigh 1# per foot more than aluminum stakes
- Fabricated design with built in load retainers
- Built in receivers for removable/reversible winches
- Clamping systems are bolted thru the bunk to eliminate loosening & sliding like that of bandclamps and U-bolts tube bunks

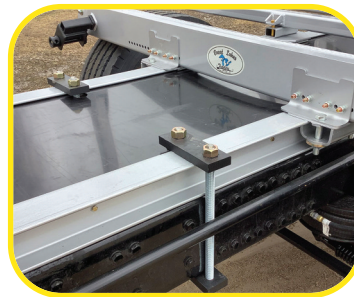

**RAPTOR**® one piece bunks with extension tips

**RAPTOR**® bunk bases with removable aluminum stakes
